Dear [redacted]

25X1

This letter will confirm what [redacted] will have reported orally to you in reply to your letter of 30 December confirming four of your employees under suspicion of Communist affiliations.

25X1

It has been determined that these four employees cannot be transferred to Cyprus when the station moves, and further that they must be separated when that is possible without severe adverse effect upon Mediterranean Bureau operations.

Please make intensive efforts to recruit replacements in order to implement this decision at the earliest possible moment.

Sincerely,

[redacted]  
Acting Chief, FBIB
